By: Shumpert Logan
(Tune: “Maryland”)
O’ the world is full of colleges
But there’s one that is my own
For it stood for education
When it had to stand alone,
Rust was first to give some learning
Unto those who were set free,
Of all the schools in all the world
Rust is the one for me
College Mine! Mine! Mine!
Rust is Mine! Mine! Mine!
The Alumni and the Students
are so proud to be called thine,
There is none like you
O’ Royal White and Blue
College Mine! So Divine!
College Mine! Mine! Mine!
Every hour in the daytime
Every moment in the night
Teachers watching gently o’ve me
Call my soul to what is right,
In the Sky in stainless glory
Floats our Banner full and free
There’s none on earth like thee
And it is glow the world shall know

FORWARD
This Student Handbook is a means of facilitating communication among the members of the college community. The materials contained in this book have been developed through a blending of ideas with Students, faculty, staff, administrators, and Alumni. The Student Handbook should serve as a source of necessary and useful information, which will help students understand their privileges, rights, and Responsibilities pertaining to Student Affairs. It is expected to contribute significantly to the continued high level of cooperative and constructive relationship between students and the various departments of the college. Such a relationship helps develop positive responsible leadership and citizenship, deepened loyalty and high morale.

COLLEGE MISSION STATEMENT
Rust College is a historically Black, co-educational, senior liberal arts college founded in 1866 by the Freedman’s Aid Society of The Methodist Episcopal Church. The College is related to the United Methodist Church, and dedicated to serve the students with a variety of academic preparations, through instruction in the humanities, social and behavioral sciences, natural science, business, technology and education. Rust College recognizes the three-fold functions of education as being teaching, research and community service. Its primary mission however, is teaching. It offers a well-rounded program designed to acquaint students with cultural, moral, and spiritual values, both in theory and in practice. Rust College provides an opportunity for education to all, regardless of race, religion, sex, national origin or ethnic background.
Greetings:

This handbook represents an accumulation of experiences, thoughts, ideas and observations of students, faculty, staff, and administrators for more than a century. Modification comes with each college generation to keep the contents relevant and in harmony with the basic mission of Rust College. The contents are designed to provide information that will help students realize more fully the benefits of a college education. They are also designed to help students develop respect and appreciation for rules and regulations that protect individuals and the group while in college as well as in the larger complex society. The content herein is presented by the Student Affairs Area, approved by the Administration and endorsed by the Trustees, as the official operational procedures and guidelines until they are replaced or modified by the above responsible group. The progress of any institution or community will depend on the spirit and attitude of the citizens toward each other and the responsibility they take or implementing guidelines for the enrichment and protection of themselves and the group.

This year will be a good year because you are a part of the college community. Greetings and best wishes as we work together for a better Rust College!

David L. Beckley, Ph.D.
President
Welcome to Rust College!

I have the great privilege of working with a staff of dedicated colleagues in the service of Rust College’s educational mission. We believe that every person has a unique combination of interests and talents to contribute to the world. Our job is to support you in developing your gifts so you can share them with others. The Division of Student Affairs seeks to enrich the Rust experience by supporting students’ efforts in the classroom, and by extending the learning environment beyond the classroom, and beyond the campus. We attend to the whole student and the entire community, nurturing the passion, intensity, and creativity that characterize the Rust education. We endeavor to guide students in their quest to learn and grow from the moment they arrive on campus to the day they graduate, and throughout their lives as Rust alumni.

Included in this Student Handbook are the Code of Student Conduct, Rules, Procedures, Rights and Responsibilities governing non-academic relationships approved by the Administration of Rust College and endorsed by the Board of Trustees. It defines the rights students have, in general, and the procedures the College must follow in bringing charges for prohibited behavior and for invoking disciplinary sanctions. A detailed description of punishable offenses begins on page 17 of the Student Codes, Rights and Responsibilities and Conduct, and Rules and Regulations.

I invite you to explore all the departments that make up Student Affairs to see the many resources we offer to support you in enriching your experience at Rust College. You are also encouraged to visit the Office of the Dean of Students. I look forward to meeting you.

All the Best,

Carllos D. Lassiter, M.A.
Vice President for Student Affairs/Dean of Students
**HISTORICAL BACKGROUND**

Rust College was established in 1866 by the Freedman’s Aid Society of the Methodist Episcopal Church. Its founders were missionaries from the North who opened a school in Asbury Methodist Episcopal Church, accepting adults of all ages, as well as children, for instruction in elementary subjects. A year later the first building on the present campus was erected.

In 1870, the school was chartered Shaw University honoring the Reverend S.O. Shaw who made a gift of $10,000 to the new institution. In 1892, the name was changed to Rust University to avoid confusion with another Shaw University. The name was a tribute to Richard S. Rust of Cincinnati, Ohio, Secretary of the Freedman’s Aid Society. In 1915, the title was changed to the more realistic name Rust College.

As students progressed, high school and college courses were added to the curriculum, and in 1878, two students graduated from the college department. As public schools for Negroes became more widespread, the need for private schools decreased and in 1930, the grade school was discontinued. The high school continued to function until 1952.

Throughout the years, Rust College has been sensitive to the needs of its constituencies and has changed its curriculum to meet the needs of the time. From a program that stressed basic subjects and vocational courses, it moved into the area of preparing students to become teachers and social workers. With its new science building, communication center and strengthened curriculum, it is now in a position to encourage its students to seek careers in science, business, public service and mass communication.

A significant change in the administration of the institution took place in 1924, when Dr. L.M. McCoy was elected President. Dr. McCoy was the first alumnus to serve his alma mater as President. He was followed by Dr. Earnest A. Smith; also a Rust College graduate. In April, 1967, Dr. William A. McMillan became President and served until June 1993. On July 1, 1993, Dr. David L. Beckley became President of Rust College. Among approximately 20,000 former students of Rust, many only completed their elementary or secondary education; however, more than 6,000 have graduated from the college department. Among these alumni are bishops of the United Methodist Conference, numerous public school teachers and administrators, college presidents, professors, lawyers, physicians, businessmen and ministers.

PHILOSOPHY

“It is our aim not to do hot-house work, seeking to hurry students through a college curriculum.... sending them into the battle of life only to disgrace themselves and bring reproach upon the cause of education at large, but take them by far, to more difficult and tedious plans of trying to lay a foundation for a broad, thorough and practical education, such as shall fit our pupils for long lives of usefulness to themselves, their race and the Church”.

The words above were stated in the early history of Rust College by its first President, the Reverend A.C. McDonald. While the elements stated in the quotation remain in essence, the philosophy and purpose have expanded and are, in terms of complexities and demands of education, in a more complex and sophisticated society. In all the history of Rust College, it has operated within the framework of a philosophy of relevance, change and adaptation.

At Rust College, education is conceived as a deliberate attempt to help people develop to their highest potential. The college is convinced that all should have a thorough knowledge of what man calls “Human Nature”. Knowledge of “Human Nature,” can be derived from inquiry into those scholarly disciplines - humanities, social sciences, and biological sciences - which give insight into man as a multi-dimensional being. The discipline gives a pluralistic view of the world and life.

We feel that teaching, learning, and research should be based upon the interdisciplinary approach and method. It is believed that there is danger in the atomizing, fragmentizing and compartmentalizing of knowledge. No learning takes place solely within one body of knowledge - all knowledge is relational. The curriculum at Rust College is not just a sequence of separate elements. The wholeness and unity of the curriculum are based upon the knowledge, which is derived from the broad discipline as well as the specialized subjects falling within these broad areas. The curriculum is under constant study and revision in response to the changing society and the growing complexity of problems.

The philosophy at Rust College considers life and knowledge as essentially a rhythm and interplay between forces, ideas and principles. It is the role of human beings to use this interplay creatively and constructively. Rust College seeks to understand people and their possibilities, their ideologies, and their actualities. Rust College is located in a vast rural area characterized by property, physical, social, and spiritual. It becomes imperative that the importance of education for development be emphasized. It is to the physical, social, intellectual and spiritual development that the program of the college is geared and dedicated. Based on our philosophy of education, it is defined here as being grounded in the search for truth and meaning. The apex of our purpose is to lead to a diligent search for meaning, through which increasingly high ideals may be created and desired human relations sustained.
PURPOSE
Rust College is a historically Black, senior liberal arts, church related college, serving students with a variety of academic preparation. The college operates as a community of scholars devoted to the preservation and application of knowledge. Rust College recognizes the threefold function of education as being teaching, research and community services. The mission of Rust College is to assist students of all ethnic, religious, geographic, economic and educational backgrounds in acquiring skills, positive attitudes and a sense of responsibility for the development of themselves as first class, service-oriented participating citizens of our community, our state, our nation and the world.

As a liberal arts church related senior college, it carries out its mission by: 1) providing instruction for majors in Humanities and Education, TV and Radio Broadcasting, Social and Behavioral Sciences, Natural Sciences, Business and Economics; 2) preparing students with a Judeo-Christian orientation in the above fields with competencies for entry into graduate and professional schools and employment in the service profession; 3) offering a well rounded program which will acquaint students with cultural, moral and spiritual values through course content as well as the natural environment; and 4) providing developmental education - students who demonstrate academic potential, but are culturally, educationally or economically deprived, are provided with the tools to develop this potential.

INTELLECTUAL PROPERTY POLICY
“Rust College recognizes the three-fold functions of education as being teaching, research and community service. Its primary mission however, is teaching.” (The Mission, Rust College Catalog, 2012-2016). The institution’s policy concerning ownership of materials, copyright issues and the creation/production of intellectual property are related directly to the mission, and how the College presents and interprets its policy on intellectual property. This policy applies to faculty, staff and students. At Rust College scholarly works such as articles, computer programs, books, musical or dramatic compositions, or materials or inventions created by faculty and staff are owned by faculty and staff. Compensation or funds received by faculty and staff from the creation or sale of intellectual property they authored or invented are solely that of the faculty or staff member. If a discovery or invention

a) results from research carried on by, or under the direction of, any employee of which is supported by Rust College funds or by funds controlled by or administered by the college, or

b) results from an employee’s duties with the college, or

c) has been developed in whole or in part through the utilization of college resources or facilities not available to the general public shall belong to the college. Any revenue derived from intellectual property will be designated for the academic/educational operations of the college.

If faculty or staff engages students in creation or invention of intellectual property, the faculty and staff must determine any allocation or recognition for students prior to the beginning of the work. The Vice President for Academic Affairs shall monitor these activities. If there are disputes regarding intellectual property they will be resolved by the Academic Council. The policies regarding intellectual property are published in the Faculty and Staff Handbooks. All new employees are given their respective handbooks during New Employee Orientation and updates are disseminated via e-mail.

STUDENT AFFAIRS
The Division of Student Affairs provides services, programs, and activities that build on the college’s academic base. The division strives to consider all aspects of a student’s life, always trying to be mindful of the “whole person” and the role the area can play in a student’s development as an individual working and living responsibly within a community. The staff, programs and services are designed to help students transition into and through college and prepare them for a lifetime of learning. The area provides opportunities that complement the academic curricula and assist students with reaching their potential. The departments that operate many of the programs and services of student life include: Campus Security, Religious Education, Residence Education, Student Health Center and Services and Student Activities.

Student Affairs seeks to ensure that each student has a healthful and safe environment, supportive living conditions, appropriate counsel and assistance, various opportunities to develop leadership skills, and experiences that lead to greater appreciation of diverse people and cultures through opportunities to socialize, relax and have fun.

The Office of the Dean of Students is multifaceted serving students, faculty, staff, parents and the general public as the primary resource in addressing issues of campus life and directing individual students and groups. The Office assists in the provision of extra-curricula opportunities for students, the facilitation of policy and programs for the maintenance of campus order and the promotion of health and safety. The Office also serves as a liaison between students, college personnel, and the public.

The Dean of Students Office oversees the division of Student Affairs and is concerned with the quality of college life for each student. It seeks to enhance the undergraduate experience by encouraging students to participate actively in the community, be concerned about their peers, and counsel and explore personal matters that affect their individual pursuits. The Vice President for Student Affairs/Dean of Students is responsible for all Student Affairs areas and administrators through academic programming resources and services to address the needs of students throughout their matriculation.

RELIGIOUS EDUCATION
As a United Methodist-related institution, Rust affirms the Wesleyan tradition of “knowledge and vital piety.” The Religious Education Department helps students explore religion, spirituality, and moral values as an integral part of a liberal arts education. In the interest of maintaining order on the campus and guaranteeing the broadest range of freedom to each member of the community, some rules have been laid down by the students and other members of the college community acting in concert. The student, many times, prefers to admit guilt and have an Administrative Hearing. Under this stipulation, the student(s) cannot be granted an appeal. The Administrative Hearing is only for students who admit guilt. This is a closed hearing with the Dean of Student Affairs. The Dean may opt to have an administrative staff person present during the hearing. Administrative Hearing results may or may not be reported to the student’s parents.

POLICY STATEMENT

Rust College emphasizes her commitment to provide a professional working and learning environment which supports, nurtures and rewards educational and employment growth free of discriminatory, inappropriate and disrespectful conduct or communication. Discrimination of any kind threatens this type of learning environment in that it compromises institutional integrity and traditional academic values. Discrimination inhibits the individual’s performance as a student or employee and violates acceptable standards for accessibility, equal opportunity and interrelationships.

Accordingly, Rust college does not discriminate on the basis of gender or sexual orientation in its programs or activities and is prohibited from discriminating on the basis of gender or sexual orientation (e.g., “No person shall, on the grounds of gender or sexual orientation, be excluded from the participation in, denied the benefits of, or be subjected to discrimination under any Rust College program or activity”).

Students, staff, faculty, administrators and third parties (i.e., individuals who are neither students nor employees, including but not limited to visitors, vendors, and consultants) should know that the college is concerned about discrimination. Accordingly, anyone on the campus of Rust College is entitled to be free from discrimination of any kind including sexual harassment and consequently is covered under this policy which extends the right to file a complaint of sexual harassment or any other form of discrimination with Rust College. The institution is prepared to take preventive and corrective action as necessary to uphold this policy.

Rust College, for the purpose of this policy, defines discrimination according to the categories listed below:

1. Sexual harassment: Rust College defines sexual harassment as an action taken or situation created intentionally to produce psychological or physical discomfort, embarrassment, or ridicule. It may be characterized by, but not limited to:

3. Age discrimination: Rust College defines age discrimination as the denying or limiting individuals in their opportunity to participate in any program or activity receiving federal financial assistance because of age.

RESPONSIBILITIES

All members of the college community are responsible for ensuring that their conduct and actions does not cause discrimination against any other member of the college community because of race, color, national origin, disability, age, or gender or sexual orientation. This responsibility extends to everyone on the campus, including students, employees or third parties doing business with the college or on college property and to campus visitors.

Supervisory personnel have the further responsibility of preventing and eliminating discriminatory practices within the areas they oversee. If supervisors know discriminatory practices are occurring, receive a complaint, or obtain other information indicating possible discriminatory practices, they must take immediate steps to ensure the matter is addressed, even if the problem or alleged problem is not within their area of oversight. Faculty members, likewise, must inform their division chair or an appropriate administrator or other college official with supervisory responsibility, if they have reason to believe that discrimination because of race, color, national origin, disability, gender or sexual orientation or age is occurring.

The Title IX Coordinator has the responsibility for handling matters of discrimination based on gender or sexual orientation to include sexual harassment and the Section 504 Coordinator has the responsibility for handling matters of discrimination based on disability. Complaints concerning discrimination based on gender or sexual orientation, disability and age will be handled in accordance with the grievance procedures outlined below.
Grievance Procedures

Any student or employee who believes that she or he has been subjected to discrimination because of gender or sexual orientation, disability or age should use the procedures outlined below to make it known. The individual making the complaint must do it in writing within 48 hours after the alleged incident. The written complaint must point out when the alleged incident occurred, the name of the alleged discriminator, name(s) of witnesses to the alleged discriminatory practice, if any, and exactly what the alleged discriminator said or did.

The grievance procedure deals with discrimination based on gender or sexual orientation (including sexual harassment), age, race, color, national origin or disability. All other complaints will be handled in accordance with procedures set out in the student handbook and employee handbooks. Rust College will initiate an investigation within 24 hours of receiving any compliant and will strive to conclude the investigation and provide its findings within 30 days of receiving a complaint. However, this time frame may be longer or shorter depending on the evidence and availability of any witnesses. Both the accused and the accuser will be kept informed of the status of the investigation. The grievance procedure/investigation guidelines include the following requirements for Rust College:

i. Provide for an adequate, reliable, and impartial investigation that includes reasonably prompt timeframes for conducting the investigation;

ii. Provide a process for the allegedly harassed party, if the party wishes, to identify the allegedly harassing party and/or witnesses and provide other information in a manner that protects the allegedly harassed party’s confidentiality;

iii. Provide interim measures necessary to prevent further harassment of the allegedly targeted party, as well as measures to avoid retaliation against the reporting party, pending the resolution of the complaint. Measures to avoid retaliation or interim measures necessary to prevent further harassment of the allegedly targeted party, will include but not be limited to removing a student from a class or removing a student from a residence hall or removing a staff person from a department to lessen interaction with the accused and/or remove any direct control over the accuser. Rust College prohibits retaliatory action against any complainant or any person acting in good faith who is assisting in the investigation of a complaint. However, persons who knowingly bring false allegations may be subject to immediate disciplinary action;

iv. Take remedial action(s) necessary to address and resolve an incident of harassment, including, as appropriate, provision of resources, including counseling, to the alleged harasser as a means to prevent recurrence of future harassment, discipline, strategies to protect the individual(s) alleged to be harassed and witnesses from retaliation, counseling for the individual(s) alleged to be harassed, witnesses, and the broader student body, and take any other necessary steps reasonably calculated to prevent future occurrences of harassment;

v. Maintain on-going contact with and provide updates to the individual alleged to be harassed throughout the investigation;

vi. Make efforts to identify the allegedly harassing party and/or witnesses if the targeted party is unaware of their identities or names (e.g., interviewing other parties to include students and/or staff who were present during the incident(s));

vii. Make referral to law enforcement authorities where appropriate;

viii. Interview all relevant witnesses, not limited to the accused, and review all relevant documents and physical evidence;

ix. Ensure that Rust College follows these procedures, regardless of whether the alleged harassment is also being investigated by another agency, including a law enforcement agency, unless certain procedural steps would directly impede a criminal investigation;

x. Provide that the preponderance of the evidence standard will be used for investigating allegations of sexual harassment or violence;

xi. Assess whether other students, including witnesses, were negatively impacted by the allegedly harassing behavior, and consider whether remedial actions are also appropriate for those students;

xii. Prepare a final written report describing the steps taken in the investigation and the facts gathered, clearly stating whether or not sexual harassment occurred, and explaining the basis for Rust College’s conclusion, including application of the appropriate legal standard of a preponderance of the evidence;
xiii. Provide written notification to the allegedly targeted party explaining Rust College’s investigative process, its factual findings, its determination as to whether harassment occurred, the reasons for the decision, and the appeal procedures;

The Safety and well being of the entire Rust College community is vital and top priority. With the support and cooperation of the entire Rust College family, the security and safety of all can be realized. This section should be thoroughly read for the continued safety of Rust College. The Fiscal Affairs area publishes an Emergency Procedure Guidebook and is available upon request.

COLLEGE SECURITY

The purpose of the security team is to provide 24-hour security to protect the physical properties of the campus, students and employees. The security’s authority encompasses all properties owned and operated by the college. The Campus Security is a part of the Student Affairs Department and is supervised by a Chief of Campus Security. The Campus Security officers investigate, prepare, and submit incident reports to the Dean of Students and Director of Residence Education for further investigation and charges. Serial numbers of stolen items from the campus are reported to the local authorities. Criminal actions or concerns of emergency can and should be reported by any student, faculty, or staff.

The Physical Plant Area maintains the college buildings and grounds with a concern for the safety of all. Campus facilities are regularly checked and repaired for safety and security purposes...(i.e. broken windows, locks, and doors.) The Office of Residential Education and the Dean of Students assist the area by reporting potential and security hazards. College officials along with Campus Security will observe the campus to maintain proper lighting and other items of concern for the well being of our campus community. Any deficiencies observed are reported to the proper individuals for repairs. The College’s facilities are open to the public during the day and evening hours when classes are in session with the exception of our residential halls. Residence Hall staff should be informed of all visitors, visiting the various rooms. Room visitation must be approved by the hall supervisor in charge. During the time the college is officially closed, buildings are locked and cleaned and only Residence Education personnel, physical plant, student workers, and other major officers have access to the facilities. The Rust College Campus Security Department publishes a Campus Security Operations Manual, and it is available upon request at 662 252-8090.

MISSION STATEMENT OF POLICY ON AIDS/HIV

In complying with the U.S. Department of Health and Human Services Mandate to balance the rights of Acquired Deficiency Syndrome (AIDS) persons for an education and employment against the rights of students and employees to exist in an atmosphere in which they are protected from contracting the disease, Rust College has adopted education, counseling and making referrals as its primary response to HIV/AIDS. The college is committed to providing students and employees with education on the nature, transmission, and protection against HIV/AIDS disease and the legal rights of persons infected with AIDS. A committee representing a wide spectrum of college interests (religious, counseling, medical, academic) has been organized and is responsible for acting upon and administering the college’s policy on HIV/AIDS and coordinating the college’s effort to provide information on the nature of HIV/AIDS. This committee is chaired by the Director of the College Student Health Services. All inquiries should be directed to the Health Service Director. Appropriate measures reflecting official policy outlined by the U.S. Department of Health and Human Services will be taken to insure legal safeguards, confidentiality, and emotional support. Committee recommendations will be consistent with the welfare of both the individual with HIV/AIDS and the college community. All efforts by organizations, including academic units, to educate the college community on the nature of the HIV/AIDS should be coordinated through the Committee. Educational materials on HIV/AIDS can be obtained from the Student Health Services.

POLICY STATEMENT

The College recognizes that employees and students who may have HIV/AIDS or any other life-threatening illness or disability may wish to continue in as many of their normal activities as their conditions permit. As long as an employee with HIV/AIDS is able to meet acceptable performance standards (including attendance) or a student with HIV/AIDS is physically able to perform acceptable/academically, he/she will be treated as any other employee (student) with a physical disability or handicapping condition, in accordance with the American Disability Act (ADA) ruling. Neither an employee nor a student with HIV/AIDS will be discriminated against because of his/her handicap and if it becomes necessary, reasonable accommodations will be made to enable a handicapped but otherwise qualified person to continue his/her normal college activities. The Health Center publishes an HIV/AIDS manual which is available upon request at 662 252-8000, extension 4900.

QUIET HOURS
In order to provide a place conducive to study, quiet hours have been established from 9:00 PM – 7:00 am in each Residence Hall. During these hours, doors to rooms should be closed, and all noise from conversation, stereos, radio, etc., should be contained in the rooms. Maintaining quiet hours is the responsibility of each resident, as well as the Residence Education staff. Violation of quiet hours will be handled by the Hall Director and could cause you to forfeit your privilege to reside in the hall. QUIET HOUR VIOLATORS, WHO CONSISTENTLY PLAY LOUD MUSIC, WILL BE ASKED TO REMOVE STEREOS, TVs, COMPUTERS, ETC. FROM THEIR ROOM OR IT WILL BE REMOVED BY THE HALL DIRECTOR OR ASSISTANT.

Remember, this is your home away from home – be alert and responsible at all times.
PERSONAL PROPERTY
The College is not responsible for personal property lost, damages or stolen. We advise students to have insurance for their personal property. Insurance information is available in the Office of the Dean of Students or Residence Education Director’s Office. Rust College’s property coverage is not designed to cover the personal effects of students (i.e., stereo and computer equipment, clothes, and other personal items). It is important that the student understands that the purchase of property insurance for these items is their responsibility, not the institution. Each student is therefore advised that:

- The institution’s property insurance will not pay to replace personal belongings in the event of fire, theft, water damage or loss of any type.
- The student should consult their parents regarding the availability of coverage under the parents’ homeowner or tenant policy.
- If the students have no insurance coverage, but coverage is desired, the student should purchase personal effects coverage, at his or her own expense.

As in the past, we are once again recommending that you contact the National Student Services, Inc., for information on student personal effects property insurance. NSSI offers affordable personal property coverage for purchase by students. The company may be reached at 800 256-6774, www.nssinc.com or you may write to:

STUDENT HEALTH SERVICES
The college maintains a Student Health Center, which is open from 8:00 am – 1:00 pm noon and from 2:00 pm - 5:00 PM, five days a week. If more care is needed, arrangements are made to see a physician. Transportation and small emergency loans can be obtained for medical needs. For medical emergencies, please contact the college nurse or residence hall staff on duty. The Student Health Center is not responsible for seeing students as private patients. If students are too ill to attend classes, they should contact the Residence Hall Director, day or night.

PREGNANCY
Rust College does not have the facilities or personnel to insure the health and safety of the pregnant mother nor does our housing meet the Public Health Department standard for pregnancies. Therefore, pregnant students are not permitted to reside in the Residence Halls. The Director of Residence Education and Hall Director, College Nurse, and the Dean of Students have the authority to ask any young lady to verify their pregnancy status, if in doubt.

HEALTH CONCERNS
Students should be free of harmful, infectious diseases. The Dean of Students, Director of Residence Education, or the College Nurse has the authority to counsel with any student and make medical referrals.

FIRE SAFETY
Fire evacuation plans are posted on all floors. Drills will be conducted in each hall at least once during the semester. A resident will be subject to disciplinary action for tampering with or activating fire alarms or fire safety equipment (except in case of a fire) or failure to evacuate the building during the fire drill. Violations will result in disciplinary action. A resident, who sees or suspects a fire, should notify the hall staff, Campus Police, RA, Director of Residence Education, the Dean of Students, and student leaders, or Hall Representatives immediately.

FIRE INSTRUCTIONS
• Close all windows, open drapery and leave lights on
• Put on light coat or raincoat and walking shoes
• Grab a towel-use wet towel over nose and mother in case of smoke
• Proceed single file and remain at least 100 feet from burning buildings
• Do not run or return to building unless the “ALL CLEAR” signal is given

Prolong ringing of the fire alarm will indicate a fire drill. The most probable danger of fires starting comes from wastebaskets, drapery, improper use of microwaves for which the fire extinguisher should be used. Always know where the nearest fire extinguisher is located in the residential halls.

SEARCH POLICY
Rust College respects the privacy of members of the college community. However, the College reserves the right to conduct searches if reasonable cause exists to believe that: 1) Activity is taking place in a room which is detrimental to the health, safety, or welfare of residents, or 2) Substances are contained in the room which would constitute a violation of the Rust College Student Handbook, “a reasonable cause to believe,” will be determined by the Dean of Students, Security, Director of Residence Education, and Hall Director or by professional members of the Dean’s staff. Every reasonable effort will be made to see that the student, whose room is being searched, is also present. If the student is not present; the Residence Hall Director will conduct the search with security or a RA. ALL STUDENTS ENROLLED

AT RUST COLLEGE ARE SUBJECT TO RANDOM DRUG TESTING.
SELLING IN THE RESIDENCE HALL
It is a privilege to sell items in the residence hall. Organizations desiring to sell goods, must obtain a form for selling items in the hall from the Director of Residence Education. This form is to be signed by the Resident Education Director. Only items listed and approved on the form can be sold at the designated places. Let it further be understood that all selling is to be done between the hours of 12 noon – 12 midnight. The maximum selling period in the residence hall, per organization, is three days per selling period. If this privilege is abused, it will be revoked immediately.

ADVERTISMENT/ FLYERS/WRITTEN NOTICES TO RESIDENTS:
Residents are responsible for all information contained in official notices posted on bulletin boards or distributed to residents. Student notices must be approved by the Hall Director. Persons posting notices are responsible for removing them after the event. Students are permitted to use the intercom system for announcing events on campus with permission of the Residence Hall Director.

911 EMERGENCY ABUSE
The law of Mississippi provides that it is unlawful for any person or persons to make any comment, request, suggestion or proposal over a telephone, which is obscene, lewd or lascivious with intent to abuse, threaten or harass any party at the called number. Students who use the 911 numbers for unfounded reasons will be turned over to the local authorities for prosecution. The 911 number is for emergency use only and should not be used for any other reason. If found guilty, the sanction will be residence hall eviction or suspension from the college (Note: You may be jeopardizing the health of someone when you misuse the 911 number). Abuse may warrant dismissal without a hearing.

WRITING VARIABLES

BEFORE BEGINNING ANY ASSIGNMENT, IT WILL HELP YOU TO FOCUS AND REMAIN CONSISTENT IN STYLE IF YOU CONSIDER THE FOLLOWING VARIABLES.

For whom am I writing? A letter written to your ten-year-old sister will be much different in vocabulary, subject, content, format and sentence complexity than one written to your senator.

About what subject should I write? If possible, choose a subject that interests you. Research your subject well.

Why am I writing? Have a clear purpose in mind before starting your paper. Are you writing to entertain, to instruct, to inform or to persuade? Keeping your purpose in mind as you write will result in a paper that is focused and consistent.

What point of view or “voice” will I use? Writers sometimes write from the point of view of another person rather than from their own point of view. Writing in a voice other than your own can add variety and help you see your subject in a new way. Make sure your “voice” remains consistent.

What form will my writing take? Different forms of writing, such as letters, diaries, reports, essays, research papers, etc., have specific requirements. Decide on the form your writing will take, and then make sure you know the requirements for that form of writing.

PLANNING AND WRITING AN ESSAY OR COMPOSITION

(1) Select a general subject area that interests you.
(2) Make a list of your thoughts and ideas about the subject.
(3) Use your list to help focus on a specific topic within the subject area.
(4) Decide what you want to say about the topic, and write an introductory statement that reflects this purpose.
(5) Make a list of details to support your statement.
(6) Arrange the list of details into an outline.
(7) Do any reading and research necessary to provide additional support for specific areas of your outline. Keep a careful list of all of your sources for your bibliography.
(8) Write a first draft.
(9) Revise your first draft, making sure that:
   (a) The introduction includes a clear statement of purpose.
   (b) Each paragraph begins with some link to the preceding paragraph.
   (c) Every statement is supported or illustrated.
   (d) The concluding paragraph ties all of the important points together, leaving the reader with a clear understanding of the meaning of the essay or composition.
   (e) Words are used and spelled correctly.
   (f) Punctuation is correct.
(10) Read your revised paper aloud to check how it sounds.
(11) Proofread your revised paper two times: once for spelling, punctuation and word usage, and again for meaning and effectiveness.

YOUR WORKS-CITED LIST

Your works-cited list should appear at the end of your essay. It provides the information necessary for a reader to locate and retrieve any source you cite in the essay. Each source you cite in the essay must appear in your works-cited list; likewise, each entry in the works-cited list must be cited in the text.

According to the Modern Language Association Handbook for Writers of Research Papers, 7th edition:

1. Double-space all entries.
2. Begin the first line of an entry flush with the left margin, and indent lines that follow by one-half inch.
3. List entries in alphabetical order by the author's last name. If you are listing more than one work by the same author, alphabetize the works according to title. Instead of repeating the author's name, type three hyphens followed by a period, and then give the title.
4. Italicize the titles of works published independently. Books, plays, long poems, pamphlets, periodicals and films are all published independently.
5. If the title of a book you are citing includes the title of another book, italicize the main title but not the other title.
6. Use quotation marks to indicate titles of short works included in larger works, song titles and titles of unpublished works.
7. Separate the author, title, and publication information with a period followed by one space.
8. Single space after a colon.
9. Use lowercase abbreviations to identify parts of a work (for example, vol. for volume), a named translator (trans.), and a named editor (ed.). However, when these designations follow a period, the first letter should be capitalized.
10. Commonly used with electronic sources, the abbreviation n.p. indicates that neither a publisher nor a sponsor name has been provided. Use n.d. (for no date) when the web page does not provide a publication date.

HEALTHY LIVING {about smoking cigarettes}

SMOKING CIGARETTES

Risks

- diminished or extinguished sense of smell and taste
- frequent colds
- smoker’s cough
- gastric ulcers
- chronic bronchitis
- increase in heart rate and blood pressure
- premature and more abundant face wrinkles
- emphysema
- heart disease
- cancer of the mouth, larynx, esophagus, lungs, pancreas, cervix, uterus and bladder

The use of tobacco is addictive. Most users develop a tolerance for nicotine and need greater amounts to produce the desired effect. Smokers become physically and psychologically dependent and will suffer withdrawal symptoms when they stop. Physical withdrawal symptoms include changes in body temperature, heart rate, digestion, muscle tone and appetite. Psychological symptoms include irritability, anxiety, sleep disturbances, nervousness, headaches, fatigue, nausea and cravings for tobacco that can last days, weeks, months, years or an entire lifetime.

Facts

- Continuous intake of spit tobacco leads to various oral cancers and a host of other diseases, in addition to bad breath.
- Smoking can cause or further increase stress, nervousness and agitation rather than calm you down.
- Addiction to cigarettes frequently leads to other forms of drug addiction.
- Cigarettes are a known killer — why begin a habit that you know can eventually kill you?
- Cigarettes are highly addictive. One-third of young people who are just “experimenting” end up being addicted by the time they are 20.
- Did you know that secondhand smoke is responsible for approximately 3,000 lung cancer deaths annually of non-smokers in the United States?

Think About It!

1. Use your head. Smoking is responsible for close to 420,000 deaths each year.
2. Stay active. Exercising and participating in sports is nearly impossible if you smoke cigarettes.
3. Be aware of the risks. Smoking can lead to many physical problems including emphysema, heart disease, stroke and cancer.
4. Keep your edge. Smoking makes you smell bad, gives you bad breath and gives you premature wrinkles.
5. Play it safe. Experimenting with smoking could lead to full-fledged addiction and a lifetime of trying to quit.
6. Do the smart thing. Smoking puts your health and the health of those around you at risk.
7. Get with the program. Smoking isn’t “in” anymore.
8. Find ways to reduce anxiety. Smoking may actually contribute to your state of agitation.
How Can Alcohol Affect Me?

- Alcohol goes directly into the bloodstream, which is why it affects every system in the body.
- Heavy drinking can cause cirrhosis and cancer of the liver.
- Children in families with alcoholic members are at a higher risk for alcoholism.
- Alcohol abuse can lead to both homicides and suicides.
- Drinking can cause serious injuries and death – more than 38% of drownings are alcohol related.
- Long-term effects of heavy alcohol use include loss of appetite, vitamin deficiencies, stomach ailments, sexual impotence, liver damage, heart and central nervous system damage and memory loss.

How Do I Know if I Have a Drinking Problem?

- inability to control your drinking – it seems that regardless of what you decide beforehand, you frequently wind up drinking too much
- using alcohol to escape your problems
- changing from your usual reserved character to the “life of the party”
- a change in personality – does drinking turn you from Dr. Jekyll to Mr. Hyde?
- a high tolerance level – you can drink just about everybody under the table
- blackouts – sometimes you don’t remember what happened when you were drinking
- missing classes as a result of drinking
- concern shown by your family and friends about your drinking

About Alcohol – Quick Facts

1. Know the law. Alcohol is illegal to buy or possess if you are under age 21.
2. Get the facts right. One 12-ounce beer has as much alcohol as a 1.5-ounce shot of whiskey or a 5-ounce glass of wine.
3. Stay informed. Wine coolers look like juice sparklers, but they have just as much alcohol as a 12-ounce beer. One glass of clear malt can give a teenager a .02 on a breathalyzer test. In some states, that amount is enough for anyone under the age of 21 to lose his/her driver’s license and be subject to a fine.
4. Be aware of the risks. Drinking increases the risk of injury. Car crashes, falls, burns, drowning and suicide are all linked to alcohol and other drug use.
5. Keep your edge. Alcohol can ruin your looks, give you bad breath and cause weight gain.
6. Play it safe. Drinking can lead to intoxication and even death.
7. Do the smart thing. Drinking puts your health, education, family ties and social life at risk.
8. Be a real friend. If you know someone with a drinking problem, be a part of the solution. Urge your friend to get help.

Alcohol is a central nervous system depressant. It affects virtually every organ in the body, and chronic use can lead to numerous preventable diseases, including alcoholism. According to a 2005 study, drinking by college students ages 18-24 contributes to an estimated 1,700 student deaths, 600,000 injuries, 90,000 sexual assaults and 474,000 acts of unprotected sex each year.
FACT AND FICTION:

Home is where the heart is.

Your body is your home. A home you can’t move out of, trade, or replace. Unlike a home made of lumber and nails, what you do in your home can’t be repaired. It stays with you forever. The consumption of alcohol, tobacco, and/or drugs makes our homes grow old faster. Things can begin to break, look worn, and fall into disrepair surprisingly quickly. Since substances can make a person feel good for a little while, they can make a user forget the damage they are doing.

Alcohol

A legal intoxicant that is unarguably the most dangerous drug on the planet. Each year, more people are injured or die from Alcohol-related accidents or illnesses than any other drug.

Drinking…

…makes skin brittle and dry, causing cracking, blemishes, and bloating of the skin; especially in the face and stomach regions.

…harms every organ in the body. Alcohol damages the entire digestive system. It can cause scarring of the liver and eventually lead to liver disease. Alcohol can cause your brain chemistry to change, causing memory loss and sudden mood swings.

…is packed with empty calories. Alcoholic beverages are very high in calories and can cause weight gain and increase the risk of diabetes, even if taken in moderation!

Tobacco

A leafy plant which contains nicotine, an addictive stimulant. Out of 20 often-used drugs, nicotine ranked third most addictive, just behind Heroin and Cocaine.

Tobacco…

…stinks. Smoking smells awful and pollutes the air. Chewing tobacco can stain the teeth, cause bad breath and gum recession.

…has tons of harmful chemicals. If you smoke, you are coating your lungs with tar, hydrogen cyanide (rat poison), benzene (a gasoline additive), and formaldehyde (a chemical used to preserve dead bodies), just to name a few. That can’t be good for anyone.

…is so addictive that even a couple of cigarettes can cause dependence. Studies have shown this addiction to be just as powerful as that of a regular smoker! “Just this once,” can very easily become a long, drawn-out struggle with nicotine. Don’t fall into the tobacco trap!

Learn More At: www.acde.org/

“Addiction” Defined:

…to be “addicted” is to be chemically-dependent. When addicted, a person will compulsively seek out a substance despite knowing and experiencing its harmful effects upon themselves and those around them.

Be careful and treat your body with respect!
...beer then booze, you're sure to lose.

alcohol kills more people under 21 than cocaine, marijuana and heroin combined.

MADD

FACE THE BRUTAL TRUTH ABOUT UNDERAGE DRINKING

www.madd.org
A balanced diet of nutrient-rich foods is a key component of overall health. Follow the food group recommendations to help you eat better every day. Each of these food groups provides some, but not all, of the nutrients you need.

A healthy diet is one that emphasizes fruits, vegetables, whole grains and fat-free or low-fat milk products; includes lean meats, poultry, fish, beans, eggs and nuts; and is low in saturated fats, trans fats, cholesterol, salt (sodium) and added sugars.

Daily recommendations vary depending on age, weight, calorie intake and exercise patterns. The United States Department of Agriculture (USDA) has developed a website, ChooseMyPlate.gov, to help you figure out the foods and portions that are right for you.

**Dietary Guidelines Recommendations for Daily Food Choices**

**Your food and physical activity choices each day affect your health — how you feel today, tomorrow and in the future.**

To find the foods and portions that are right for you, go to ChooseMyPlate.gov.

### Find your balance between food and physical activity

- Be sure to stay within your daily calorie needs.
- Be physically active for at least 30 minutes most days of the week.
- About 60 minutes a day of physical activity may be needed to prevent weight gain.
- For sustaining weight loss, at least 60 to 90 minutes a day of physical activity may be required.
- Teenagers should be physically active for 60 minutes every day, on most days.

### Know the limits on fats, sugars and salt (sodium)

- Make most of your fat sources from fish, nuts and vegetable oils.
- Limit solid fats like butter, margarine, shortening and lard, as well as foods that contain these.
- Check the Nutrition Facts label to keep saturated fats, trans fats and sodium low.
- Choose food and beverages low in added sugars. Added sugars contribute calories with few, if any, nutrients.
LISTENING SKILLS

Listening (unlike hearing, which is a physical process not requiring thinking) gives meaning to the sounds you hear. It helps you understand. Listening is an active process that requires concentration and practice. In learning, the instructor’s responsibility is to present information; the student’s responsibility is to be “available” for learning. Not listening means you will be unable to learn the material.

To help develop listening skills:

→ Approach the classroom ready to learn: leave personal problems outside the classroom. Try to avoid distractions.
→ Even if you do not sit close to the instructor, focus your attention directly on him/her.
→ Pay attention to the instructor’s style and how the lecture is organized.
→ Participate; ask for clarification when you do not understand.
→ Take notes.
→ Listen for key words, names, events and dates.
→ Don’t make hasty judgments; separate fact from opinion.
→ Connect what you hear with what you already know.

HOMEWORK SKILLS

→ Keep track of your daily assignments in this datebook so you will always know what you have to do.
→ Homework is an essential part of learning. Even though you may not have written work to do, you can always review or reread assignments. The more you review information, the easier it is to remember and the longer you are able to retain it.
→ Realize that homework is considered an important part of learning. Not doing your homework because you do not believe in homework is self-defeating behavior.
→ It is your responsibility to find out what you have missed when you are absent. Take the initiative to ask a classmate or instructor what you need to make up. You need to also know when it needs to be turned in. If you are absent for several days, make arrangements to receive assignments while you are out.
→ Have a place to study that works for you – one that is free from distractions. Be honest with yourself about using the TV or stereo during study time. Make sure you have everything you need before you begin to work.
→ Develop a schedule that you can follow. Be rested when you study. It is okay to study in short blocks of time. Marathon study sessions may be self-defeating.
→ Prioritize your homework so that you begin with the most important assignment first: study for a test, then do the daily assignment, etc.
→ Study for 30–40 minutes at a time, then take a 5–10 minute break. Estimate the amount of time it will take to do an assignment and plan your break time accordingly.
SUCCESSFUL NOTETAKING

Taking notes reinforces what we hear in the classroom and requires active listening. Having accurate information makes your outside study and review time that much easier. Good notetaking requires practice.

Be aware of each instructor’s lecture style; learning how to adapt to each style takes patience. Take notes as you (attentively) listen to the lecture. Keep notes in an individual notebook for each class or in a loose-leaf binder that has a section for each class. Your instructor may have certain requirements.

Date each day’s notes, and keep them in chronological order. Some instructors provide outlines that tell you how a series of lectures will be organized; other instructors will deliver their lectures and expect you to write the information in your notes. Most instructors will emphasize important points by stressing them or repeating them a few times. Make a note in the margin or highlight any information the instructor specifically identifies as important.

Write notes in short phrases, leaving out unnecessary words. Use abbreviations. Write clearly so you will be able to understand your notes when you review them.

If you make a mistake, a single line through the material is less time consuming than trying to erase the whole thing. This will save time and you won’t miss any of the lecture. Don’t copy your notes over to make them neat; write them neatly in the first place. Don’t create opportunities to waste your time.

Write notes on the right two-thirds of the notebook page. Keep the left one-third free for your follow-up questions or to highlight the really important points in the discussion.

Listen for key ideas. Write them down in your own words. Don’t try to write down every word that your instructors say. Some instructors will use the chalkboard, an overhead projector or a PowerPoint presentation to outline these key ideas. Others will simply stress them in their discussion.

Soon after class, while the information is still fresh in your mind, create questions directly related to your notes in the left column of the paper. Place these questions across from the information to which it pertains. Highlight or underline any key points, terms, events or people. Quiz yourself by covering the 2/3 side of your notes and try to answer the questions you developed without referring to your notes. If you need to refresh your memory, simply uncover the note section to find the answers to your questions. Short, quick reviews will help you remember and understand the information as well as prepare for tests.

Review your notes daily. This reinforces the information and helps you make sure that you understand the material.

Make sure your notes summarize, not duplicate, the material.

Devise your own use of shorthand.

Vary the size of titles and headings.

Use a creative approach, not the standard outline form.

Keep class lecture notes and study notes together.

- **Plan a definite time** to do your homework.
- **Plan time for extracurricular and social activities** as well as home responsibilities.
- **Commit yourself to your time plan**, but be flexible. For example, if something happens that makes it impossible for you to do homework during the regularly scheduled time, plan an alternate time to do the homework.

(3) **Set Priorities** – If you have lots to do, it is important to set priorities.
- **Rank each task** in 1, 2, 3 order. Start with #1 – the most important task – and continue on down the list.
- **When doing homework**, start with the subject in which you need the most improvement.
- **Check off finished tasks**.
- **If you frequently find that you cannot finish all the tasks on your list**, you may need to **prioritize your optional activities** and eliminate some that are low on your priority list.

(4) **Set Goals** – Just wishing to get better grades or to excel in soccer accomplishes nothing. You need a plan of action to achieve your goals. Setting goals will result in better grades and higher self-esteem. Best of all, setting goals will make you feel in control of your life. Some hints for setting goals:
- **Be specific.** List specific goals for each academic subject. Also list goals for other school and home activities.
- **Set time limits.** Your goals can be both short-term (within a month or on the next quiz or test) and long-term (within the semester or within the school year).
- **Set realistic goals.** For example, if math has always been difficult for you, don’t aim for an “A” in Algebra at the beginning of the year. If you usually get a “C-” in math, you may want to begin by setting a short-term goal of “C+” or “B-”. Reaching that first short-term goal will give you the confidence to raise your goal for the next test or the next grading period.
- **Draw up a step-by-step plan of action** for reaching each goal; then go for it!
- **Write your goals down**, and put them in several places (your bedroom door, your datebook, your bulletin board) so you will see them several times a day.
- **Share your goals with others** – your parents, roommates, instructors, classmates, etc. They can give you encouragement.
- **Keep at it!** Be determined, and keep a positive attitude. Visualize yourself achieving your goals.
- **Reward yourself** when you reach a goal.

Basic Résumé Writing

The Functional Résumé Format

The functional format is useful for graduating students who do not have extensive job experience. This type of résumé emphasizes skills and accomplishments achieved in school, activities, internships and in life.

These are the 5 basic parts

1. **Header:** your name, address, phone number, e-mail address.
2. **Job objective:** a short statement describing how you can be of help to the employer and what you intend to do (e.g., sell, design, operate, manage).
3. **Qualifications:** a brief list or statement highlighting your background, your strengths and what you want your employer to know about you. This can be optional.
4. **Skills/Achievements:** a description of your abilities, accomplishments and areas of competence. These can also be grouped under headings, such as Office Skills, Technical Experience or Planning/Organization.
5. **Education:** a list of all formal education, workshops, seminars, internships, school-related activities and on-the-job training (if any). The most recent should come first.

Remember:

- Use only one or two typefaces in the design of your résumé.
- Use short phrases instead of long sentences and paragraphs.
- Line up all headings to keep your résumé looking clean and professional.
- Use good quality paper: A neutral color such as white or ivory is recommended.
- Do not include salary requirements.
- Do not include personal information such as date of birth, height, weight, marital status, health, religion or hobbies.
- Do not use the word résumé at the top of the page.
- Keep your résumé to one page.
- Have a list of references (names, company names, phone numbers) ready to give if requested.
