Rust College Meets Accreditation Standards

On Wednesday, December 8, 2010, Rust College learned that the Commission on Colleges of Southern Association of Colleges and Schools (SACS) requires no further report regarding the institution’s Fifth-Year Follow-Up Report. This means that Rust College is in full compliance with SACS’ Core Requirements and Comprehensive Standards of their Principles of Accreditation. It also means that the next report due to SACS will be in preparation for Rust College’s reaffirmation of accreditation visit in 2014.

President David Beckley extends his heartfelt appreciation to all members of the Rust College faculty and staff for their hard work and team spirit that resulted in this significant achievement.
