By: Shumpert Logan
(Tune: “Maryland”)
O’ the world is full of colleges
But there’s one that is my own
For it stood for education
When it had to stand alone,
Rust was first to give some learning
Unto those who were set free,
Of all the schools in all the world
Rust is the one for me
College Mine! Mine! Mine!
Rust is Mine! Mine! Mine!
The Alumni and the Students
are so proud to be called thine,
There is none like you
O’ Royal White and Blue
College Mine! So Divine!
College Mine! Mine! Mine!
Every hour in the daytime
Every moment in the night
Teachers watching gently o’ve me
Call my soul to what is right,
In the Sky in stainless glory
Floats our Banner full and free
There’s none on earth like thee
And it is glow the world shall know

FORWARD
This Student Handbook is a means of facilitating communication among the members of the college community. The materials contained in this book have been developed through a blending of ideas with Students, faculty, staff, administrators, and Alumni. The Student Handbook should serve as a source of necessary and useful information, which will help students understand their privileges, rights, and Responsibilities pertaining to Student Affairs. It is expected to contribute significantly to the continued high level of cooperative and constructive relationship between students and the various departments of the college. Such a relationship helps develop positive responsible leadership and citizenship, deepened loyalty and high morale.

COLLEGE MISSION STATEMENT
Rust College is a historically Black, co-educational, senior liberal arts college founded in 1866 by the Freedman’s Aid Society of The Methodist Episcopal Church. The College is related to the United Methodist Church, and dedicated to serve the students with a variety of academic preparations, through instruction in the humanities, social and behavioral sciences, natural science, business, technology and education. Rust College recognizes the three-fold functions of education as being teaching, research and community service. Its primary mission however, is teaching. It offers a well-rounded program designed to acquaint students with cultural, moral, and spiritual values, both in theory and in practice. Rust College provides an opportunity for education to all, regardless of race, religion, sex, national origin or ethnic background.
Greetings:
This handbook represents an accumulation of experiences, thoughts, ideas and observations of students, faculty, staff, and administrators for more than a century. Modification comes with each college generation to keep the contents relevant and in harmony with the basic mission of Rust College. The contents are designed to provide information that will help students realize more fully the benefits of a college education. They are also designed to help students develop respect and appreciation for rules and regulations that protect individuals and the group while in college as well as in the larger complex society. The content herein is presented by the Student Affairs Area, approved by the Administration and endorsed by the Trustees, as the official operational procedures and guidelines until they are replaced or modified by the above responsible group. The progress of any institution or community will depend on the spirit and attitude of the citizens toward each other and the responsibility they take or implementing guidelines for the enrichment and protection of themselves and the group.
This year will be a good year because you are a part of the college community. Greetings and best wishes as we work together for a better Rust College!

David L. Beckley, Ph.D.
President
Welcome to Rust College!

I have the great privilege of working with a staff of dedicated colleagues in the service of Rust College's educational mission. We believe that every person has a unique combination of interests and talents to contribute to the world. Our job is to support you in developing your gifts so you can share them with others. The Area of Student Affairs seeks to enrich the Rust experience by supporting students' efforts in the classroom, and by extending the learning environment beyond the classroom, and beyond the campus. We attend to the whole student and the entire community, nurturing the passion, intensity, and creativity that characterize the Rust education. We endeavor to guide students in their quest to learn and grow from the moment they arrive on campus to the day they graduate, and throughout their lives as Rust alumni.

Included in this Student Handbook are the Code of Student Conduct, Rules, Procedures, Rights and Responsibilities governing non-academic relationships approved by the Administration of Rust College and endorsed by the Board of Trustees. It defines the rights students have, in general, and the procedures the College must follow in bringing charges for prohibited behavior and for invoking disciplinary sanctions. A detailed description of punishable offenses begins on page 17 of the Student Codes, Rights and Responsibilities and Conduct, and Rules and Regulations.

I invite you to explore all the departments that make up Student Affairs to see the many resources we offer to support you in enriching your experience at Rust College. You are also encouraged to visit the Office of the Dean of Students. I look forward to meeting you.

All the Best,

Carlos D. Lassiter
Dean of Students
HISTORICAL BACKGROUND

Rust College was established in 1866 by the Freedman’s Aid Society of the Methodist Episcopal Church. Its founders were missionaries from the North who opened a school in Asbury Methodist Episcopal Church, accepting adults of all ages, as well as children, for instruction in elementary subjects. A year later the first building on the present campus was erected.

In 1870, the school was chartered Shaw University honoring the Reverend S.O. Shaw who made a gift of $10,000 to the new institution. In 1892, the name was changed to Rust University to avoid confusion with another Shaw University. The name was a tribute to Richard S. Rust of Cincinnati, Ohio, Secretary of the Freedman’s Aid Society. In 1915, the title was changed to the more realistic name Rust College.

As students progressed, high school and college courses were added to the curriculum, and in 1878, two students graduated from the college department. As public schools for Negroes became more widespread, the need for private schools decreased and in 1930, the grade school was discontinued. The high school continued to function until 1952.

Throughout the years, Rust College has been sensitive to the needs of its constituencies and has changed its curriculum to meet the needs of the time. From a program that stressed basic subjects and vocational courses, it moved into the area of preparing students to become teachers and social workers. With its new science building, communication center and strengthened curriculum, it is now in a position to encourage its students to seek careers in science, business, public service and mass communication.

A significant change in the administration of the institution took place in 1924, when Dr. L.M. McCoy was elected President. Dr. McCoy was the first alumnus to serve his alma mater as President. He was followed by Dr. Earnest A. Smith; also a Rust College graduate. In April, 1967, Dr. William A. McMillan became President and served until June 1993. On July 1, 1993, Dr. David L. Beckley became President of Rust College. Among approximately 20,000 former students of Rust, many only completed their elementary or secondary education; however, more than 6,000 have graduated from the college department. Among these alumni are bishops of the United Methodist Conference, numerous public school teachers and administrators, college presidents, professors, lawyers, physicians, businessmen and ministers.

PHILOSOPHY

“It is our aim not to do hot-house work, seeking to hurry students through a college curriculum.... sending them into the battle of life only to disgrace themselves and bring reproach upon the cause of education at large, but take them by far, to more difficult and tedious plans of trying to lay a foundation for a broad, thorough and practical education, such as shall fit our pupils for long lives of usefulness to themselves, their race and the Church”.

The words above were stated in the early history of Rust College by its first President, the Reverend A.C. McDonald. While the elements stated in the quotation remain in essence, the philosophy and purpose have expanded and are, in terms of complexities and demands of education, in a more complex and sophisticated society. In all the history of Rust College, it has operated within the framework of a philosophy of relevance, change and adaptation.

At Rust College, education is conceived as a deliberate attempt to help people develop to their highest potential. The college is convinced that all should have a thorough knowledge of what man calls “Human Nature”. Knowledge of “Human Nature,” can be derived from inquiry into those scholarly disciplines - humanities, social sciences, and biological sciences - which give insight into man as a multi-dimensional being. The discipline gives a pluralistic view of the world and life.

We feel that teaching, learning, and research should be based upon the interdisciplinary approach and method. It is believed that there is danger in the atomizing, fragmentizing and compartmentalizing of knowledge. No learning takes place solely within one body of knowledge - all knowledge is relational. The curriculum at Rust College is not just a sequence of separate elements. The wholeness and unity of the curriculum are based upon the knowledge, which is derived from the broad discipline as well as the specialized subjects falling within these broad areas. The curriculum is under constant study and revision in response to the changing society and the growing complexity of problems.

The philosophy at Rust College considers life and knowledge as essentially a rhythm and interplay between forces, ideas and principles. It is the role of human beings to use this interplay creatively and constructively. Rust College seeks to understand people and their possibilities, their ideologies, and their actualities. Rust College is located in a vast rural area characterized by property, physical, social, and spiritual. It becomes imperative that the importance of education for development be emphasized. It is to the physical, social, intellectual and spiritual development that the program of the college is geared and dedicated. Based on our philosophy of education, it is defined here as being grounded in the search for truth and meaning. The apex of our purpose is to lead to a diligent search for meaning, through which increasingly high ideals may be created and desired human relations sustained.
PURPOSE
Rust College is a historically Black, senior liberal arts, church related college, serving students with a variety of academic preparation. The college operates as a community of scholars devoted to the preservation and application of knowledge. Rust College recognizes the threefold function of education as being teaching, research and community services. The mission of Rust College is to assist students of all ethnic, religious, geographic, economic and educational backgrounds in acquiring skills, positive attitudes and a sense of responsibility for the development of themselves as first class, service-oriented participating citizens of our community, our state, our nation and the world.

As a liberal arts church related senior college, it carries out its mission by: 1) providing instruction for majors in Humanities and Education, TV and Radio Broadcasting, Social and Behavioral Sciences, Natural Sciences, Business and Economics; 2) preparing students with a Judeo-Christian orientation in the above fields with competencies for entry into graduate and professional schools and employment in the service profession; 3) offering a well rounded program which will acquaint students with cultural, moral and spiritual values through course content as well as the natural environment; and 4) providing developmental education - students who demonstrate academic potential, but are culturally, educationally or economically deprived, are provided with the tools to develop this potential.

INTELLECTUAL PROPERTY POLICY
“Rust College recognizes the three-fold functions of education as being teaching, research and community service. Its primary mission however, is teaching.” (The Mission, Rust College Catalog, 2012-2016). The institution’s policy concerning ownership of materials, copyright issues and the creation/production of intellectual property are related directly to the mission, and how the College presents and interprets its policy on intellectual property. This policy applies to faculty, staff and students. At Rust College scholarly works such as articles, computer programs, books, musical or dramatic compositions, or materials or inventions created by faculty and staff are owned by faculty and staff. Compensation or funds received by faculty and staff from the creation or sale of intellectual property they authored or invented are solely that of the faculty or staff member. If a discovery or invention
(a) results from research carried on by, or under the direction of, any employee of which is supported by Rust College funds or by funds controlled by or administered by the college, or
(b) results from an employee’s duties with the college, or
(c) has been developed in whole or in part through the utilization of college resources or facilities not available to the general public shall belong to the college. Any revenue derived from intellectual property will be designated for the academic/educational operations of the college.

If faculty or staff engages students in creation or invention of intellectual property, the faculty and staff must determine any allocation or recognition for students prior to the beginning of the work. The Vice President for Academic Affairs shall monitor these activities. If there are disputes regarding intellectual property they will be resolved by the Academic Council. The policies regarding intellectual property are published in the Faculty and Staff Handbooks. All new employees are given their respective handbooks during New Employee Orientation and updates are disseminated via e-mail.

The college further recognizes the student’s right within the institution to freedom of inquiry and to the reasonable use of services and facilities of the college, which are intended for his/her education.

In the interest of maintaining order on the campus and guaranteeing the broadest range of freedom to each member of the community, some rules have been laid down by the students and other members of the college community acting in concert. These rules reasonably limit some activities and prescribe certain behavior, which is harmful to the orderly operation of the institution and the pursuit of its legitimate goals. All enrolled students are held accountable to these rules, which are printed in this Student Handbook. If any student is accused of a violation of any of these rules and he denies guilt, he or she is guaranteed a speedy and fair hearing.

When a student is accused of violating a section of the college code of conduct, a complaint or charge is issued against the student through the Dean of Student Affairs. The Dean of Students will determine if the charge has merit and will issue appropriate charges as soon as possible and forward the correspondence to his/her last known address or deliver such charge by carrier. The student, many times, prefers to admit guilt and have an Administrative Hearing. Under this stipulation, the student(s) cannot be granted an appeal. The Administrative Hearing is only for students who admit guilt. This is a closed hearing with the Dean of Student Affairs. The Dean may opt to have an administrative staff person present during the hearing. Administrative Hearing results may or may not be reported to the student's parents.

2.13 HEARINGS

The purpose of a hearing is to arrive at a decision regarding the student(s) behavior. Such decisions affect the student and his relationship with the institution. As stated earlier, the administration of discipline is an educational process and these procedures are determined by educators. College disciplinary proceedings must insure fairness, justice, truth and due process as defined for educational institutions. The courts have allowed great flexibility in student discipline hearings so long as the student is given notice and a fair and impartial hearing. Guidelines are:

a. Disciplinary procedures are private, confidential and involve only the student and the appropriate committee; therefore, they are closed to the public.

Discrimination inhibits the individual's performance as a student or employee and violates acceptable standards for accessibility, equal opportunity and interrelationships. Students, staff, faculty and administrators should know that the college is concerned about discrimination. The institution is prepared to take preventive and corrective action to deal with an individual or individuals who engage in such actions or conduct. Rust College, for the purpose of this policy, defines discrimination according to the categories listed below:

The same responsibility extends to employees of third parties doing business with the college or on college property and to campus visitors. Supervisory personnel have the further responsibility of preventing and eliminating discriminatory practices within the areas they oversee. If supervisors know discriminatory practices are occurring, receive a complaint, or obtain other information indicating possible discriminatory practices, they must take immediate steps to ensure the matter is addressed, even if the problem or alleged problem is not within their area of oversight. Faculty members, likewise, must inform their Division Chair or an appropriate administrator or other college official with supervisory responsibility, if they have reason to believe that discrimination because of race, color, national origin, disability, sex or age is occurring. MISSION STATEMENT OF POLICY ON AIDS/HIV

In complying with the U.S. Department of Health and Human Services Mandate to balance the rights of Acquired Deficiency Syndrome (AIDS) persons for an education and employment against the rights of students and employees to exist in an atmosphere in which they are protected from contracting the disease, Rust College has adopted education, counseling and making referrals as its primary response to HIV/AIDS. The college is committed to providing students and employees with education on the nature, transmission, and protection against HIV/AIDS disease and the legal rights of persons infected with AIDS. A committee representing a wide spectrum of college interests (religious, counseling, medical, academic) has been organized and is responsible for acting upon and administering the college’s policy on HIV/AIDS and coordinating the college’s effort to provide information on the nature of HIV/AIDS. This committee is chaired by the Director of the College Student Health Services. All inquiries should be directed to the Health Service Director. Appropriate measures reflecting official policy outlined by the U.S. Department of Health and Human Services will be taken to insure legal safeguards, confidentiality, and emotional support. Committee recommendations will be consistent with the welfare of both the individual with HIV/AIDS and the college community. All efforts by organizations, including academic units, to educate the college community on the nature of HIV/AIDS should be coordinated through the Committee. ABOUT THE HANDBOOK
This handbook is designed to familiarize you with information essential in getting the most out of residential hall living. It contains policies and procedures designed for compatible group living.

The general mission of Residence Education is to provide a safe, comfortable and appealing environment that is conducive to living and learning for all students who reside in the residence halls. Students who reside in the residence halls are given an opportunity to develop a sense of responsibility, human relation skills, socialization, working with others, sharing values and ideas, and developing positive attitudes. Rust college is essentially a residential college. All students are encouraged to secure residence on the campus. Exceptions to this policy are made for married students, residents of Holly Springs and vicinity where commuting is possible or students who cannot be accommodated by campus housing.

VIOLATION OF HOUSING REGULATIONS
It is each student’s responsibility to be aware of the contents of this booklet.

THE RESIDENCE HALL PROGRAM IS DESIGNED TO:
- Provide a clean, comfortable, and economic place of dwelling for students,

- Assist in the orientation to college life and in the self-development of each student, so that each person understands and evaluates his/her own purpose for being in college.
- Help each student develop a sense of individual responsibility and self-discipline,
- Provide the opportunity for faculty-student contact outside the classroom, so that learning experiences are enhanced,
- Provide for basic concerns of the individual student within the ever-changing campus community.
- Provide integrated religious, social, recreational, cultural and intellectual activities in order to broaden the use of leisure time,
- Provide an atmosphere of warmth, high morale, and loyalty towards the residence life program and the college.

Each hall has its own Hall Council.
REQUEST FOR HOUSING
All residential students are required to pay a $50.00 room reservation fee annually to reserve a space in campus housing. This fee must be paid to guarantee campus housing. All students are strongly encouraged to pay this fee as early as possible because of the high demand for campus housing. Students are entitled to a refund, if the request is made prior to August 1, 2012 for the fall and December 9, 2012 for the spring semester. “A $15.00 processing fee will be deducted from all room reservation fees”.

Lost keys can be replaced by your hall director for a $15.00 non-refundable replacement fee. Students, who fail to return keys at the closing of the school year, will be assessed for the cost of the cylinder, material and the labor cost of $150.00. All students are required to complete a Residence Hall Contract...please read thoroughly before signing.

The host student must notify the Residence Hall Director three to five days prior to bringing overnight guests to the room and receive permission from the hall director. Overnight guests are expected to pay $15.00 per night. The host student, who does not inform the Resident Director, will be charged $50.00 per night that the guest lives in the Residence Hall. It is important that the student understands that the purchase of property insurance for these items is their responsibility, not the institution. Each student is therefore advised that:
A. The institution's property insurance will not pay to replace personal belongings in the event of fire, theft, water damage or loss of any type.
B. The student should consult their parents regarding the availability of coverage under the parents' homeowner or tenant policy.
C. If the students have no insurance coverage, but coverage is desired, the student should purchase personal effects coverage, at his or her own expense.

FIRE SAFETY REGULATIONS
How to Prevent Fires and Survive in an Emergency
Question: What causes most fatal fires?
Answer: Careless smoking - falling asleep while smoking is the biggest single cause of residence hall fires. It is also one of the biggest single causes of fire death. Electrical shortages caused by faulty or improperly used appliances - including hot plates, lamps, and electrical extension cords account for the largest number of fatal residential fires.

Questions: When do most fires start?
Answer: Most fatal fires start between midnight and dawn, while you are asleep. That is why it is important to have a fire plan.

Question: What's the biggest killer, smoke or flames?
Answer: Most fire victims are overcome by smoke. They suffocate to death. At night, your nose is one of the first senses to fall asleep. The toxic gases and smoke created by a fire can overpower your lungs before the flames get near you.

Question: How can I prevent fires in the residence hall?
Learn the following basic fire safety rules and practice them. Make sure you learn to follow the rules:

A. Do not smoke in bed,
B. Report faulty cords, switches, and plugs on lamps, heaters, and other electrical equipment,
C. Do not use multiple extension cords from one outlet or overload circuits
D. Do not attempt to replace faulty electrical wiring. Contact your Resident Assistant or Director.
E. Keep flammable liquids out of your room or hall
F. Report any piles of old papers, magazines, oily rags, flammable liquids in storage rooms. These should be thrown away,
G. Report problems with electrical outlets, you should have enough outlets for your lamp and other appliances. Electrical cords should be in the open, not hidden under rugs. Limit the number of extension cords you use,
H. TV Sets and stereo units should not be touching the wall, they need space around them to let hot air out,
I. Combustibles in the laundry/storage room areas around the hot water heater and dryers should be kept clean.

Question: When should I call the fire department?
Answer: After everyone has reached safety, call from another hall or Guard House or use alarm box.

Question: How will we teach you to follow an escape plan?
Answer: We will make students aware of fire dangers, practice different emergency situations, as well, so everyone knows how to use every escape route, at least once per semester.

Question: What about me? I live on the 2nd/3rd floor?
Answer: First, if the fire is on your floor and you cannot get out of the door, close your room door. Stuff all the door cracks with towels or blankets, to cut down on smoke coming into your room. Don’t break windows unless absolutely necessary. If you can leave your room, close the door behind you and take your keys so you can get back into your room. Learn your building’s posted escape plan and practice it. The more you practice, the more likely you’ll survive if a real emergency happens.

Question: Do smoke detectors work?
Answer: Yes, many people have escaped from a fire because their smoke detectors warned them in time. Seconds can be crucial.

Question: Where are smoke detectors located?
Answer: They are located in the ceiling of the Residence hallways. No matter where they are installed, do not tamper with them.

Question: Should we have fire extinguishers?
Answer: Yes, but remember they offer protection from small fires. They cannot make you fireproof. Use your fire extinguisher like a broom. Sweep from side to side at the base of the fire. If the fire can’t be contained, get out fast.

NOTE: IF YOU DISCHARGE AN EXTINGUISHER WHEN THERE IS NO FIRE, YOU ARE ENDANGERING YOUR LIFE AND THE LIVES OF OTHERS.

Question: Are grease fires different?
Answer: Yes, grease fires are fires that can start suddenly and without warning. Many can be put out easily. Never put water on a grease fire. It only spreads flames and makes the fire worse. In case of a grease fire, turn off the appliance and put a lid on top of the pan. Most fatal hall fires start at night while you are asleep. If you smell smoke, don’t panic, follow the residence hall escape plan, and get out as quickly as possible. Keep bedroom doors closed. Stairways and hallways are natural fire corridors. Crawl to the door. Feel it with the back of your hand for heat. If the door feels hot, do no open it. The safety crawl zone is roughly the height of your doorknob. Stay low where the air is better and crawl to the exit. Keep a cloth over your nose and mouth (wet is possible) Remember, valuables can be replaced, lives cannot. If there is a fire in your hall, leave everything and get out. A few seconds can make the difference between life and death.
