When I close my eyes and dare to dream
picturing you makes my heart burst at the seam

If I focus hard enough I can see you clear as day
Beautiful baby, warm, and snug oh God how I wish it could be this way

You’ll have my nose and eyes I think
With chunky cheeks round and pink

I picture the day I can hold you close to my heart its true
Everything in the world seems to melt away but you

I want you happy and healthy overall
I will always protect you when the world seems to fall

You will be loved, cherished, and encouraged
It is my job to keep your mind, body, and soul well-nourished

Your dreams will matter and be sought out
Being yourself is beautiful and pushes out doubt

You are beautiful, smart, and full of love
The worlds in your hands my little dove

Life will be better and have more depth to renew
Everyday I pray to all different gods for you

Don’t worry sweet baby mama won’t give up
Because without you I’ll never fill my cup

I love you so much my sweet little one
My life will never be complete until yours has begun
