NFL League Office in New York City, NFL Films in Mt. Laurel, and NFL Media in Inglewood are comprised of various departments segmented by specialty, but all are committed to fulfilling the same mission – that, We are all stewards of football. We unite people and inspire communities in the joy of the game by delivering the world’s most exciting sports and entertainment experience. This unique positioning and intersection of fields in the sports world provide access and opportunity that cannot be received anywhere.

In an effort to leverage our position and to create equitable and accessible opportunities for students who are passionate about a career in sports and want to learn at the Pro Level, we are excited to launch this year’s Experienceship application and have expanded the program to include an array of tangible professional development experiences. Our expectation for Experienceships remains the same – we continue to strive to create professional development opportunities for college participants as they begin their journey into a career in sports and entertainment.

This year, the NFL Experienceship program will provide hands-on opportunities as well as a mentorship program in the following departments: Football Operations, Events, Club Business Development, NFL Media & Business Development, Consumer Products. **Deadline to apply is Friday, September 23.**
Faculty/staff that do not have their own regalia are asked to wear all black for the Opening Convocation. You may also borrow a black robe from the Registrar’s office and return it the following Monday, September 12, 2022.

Bearcats, how was the first #BlueTuesday of the year? Let us know in the comments on our social media pages!
